Serial presence-detect (SPD) part number lookup

To get the most current serial presence-detect (SPD) data simply type any Micron DRAM module part number into the field below and click on the appropriate part number to search.

Input a Micron DRAM module part number into the field below to lookup that parts SPD data.

DRAM module part number

A system’s basic input/output system (BIOS) may depend on serial presence-detect (SPD) data to properly configure and optimize the memory sub-system. Micron’s SPD data conforms to JEDEC industry standards and is available through Micron’s SPD tool with your Micron module part number. For a detailed description of SPD, download Micron's Memory Module Serial Presence-Detect technical note.

Serial presence-detect (SPD) information is available on each module’s part information page which can be found in the module part catalogs.

Information is intended only for use on Micron manufactured modules. All information is provided "AS IS" and without warranties of any kind.
